INSTRUCTIONS

1. Please report average wind velocity by knots, mph or ***specific*** Beaufort Number (**do not** report by Beaufort ranges 0-1, 2-3 or 5-9.
2. Report elapsed time in decimal minutes (2 decimal places; see conversion table at left to conveniently convert minutes and seconds to decimal minutes.
3. Group all classes sailing the same course under similar winds on a sheet; you may include additional races lower on sheet.
4. Report each finisher in handicap and level rating fleets, the first boat in one-design classes, and each windsurfer.
5. Report classes either by US SAILING class code or, in cases where confusion might exist in class name or in versions of a class, describe the class fully; i.e., sail area, type of boat, keel configuration, etc.
6. If convenient, indicate average number of boats in each class per race, series or regatta.
7. Include genoa size (%) when applicable and indicate with letter “S” or “AS” if spinnaker used.
8. Please print or type class codes and ETs legibly.
9. For questions or additional information, contact Darline Hobock at 918-744-8803 or 918-744-9760 (fax).

Send completed data sheet to:

US SAILING PN Committee
Box 1260
Portsmouth, RI o2871

Or: email race results to hobockd@aol.com
